COALVILLE, UTAH, FRIDAY, SEPTEMBER 30, 1910.

NO. 39

## Merely Mentioned

Little Things Heard Here and There About You and I—Our Visits and Our Visitors.

**LOST**—Diamond ring. Return to Coalville. \$10 reward.

The city council will meet in regular session next Monday night.

The county treasurer has sent out the tax notices during the past week.

**LOST**—Gold locket. Return in post office and be liberally rewarded.

Mrs. W. R. Fennett, of Ogden, was in Coalville the forepart of the week.

George Thackery of Chardon was in Coalville the forepart of the week in business.

The county commissioners will meet in regular monthly session next Monday.

Mr. and Mrs. Joseph Couch and children spent the forepart of the week in Ogden.

W. H. Jensen of Salt Lake, was the guest of his brother J. N. Jensen the forepart of the week.

Mr. Kohn of Ogden, has opened up a store in the Coalville Sample room and will carry a complete line of gents' furnishings.

Walter Ganderwood has had a force of men at work remodeling the old sample room. This remodeled improvement and will add much more dignity to our town.

Thomas Beard has been chosen junior of the New West school houses. Mr. Beard held the same position last year and has been hired again with a substantial raise in pay, showing that he is giving splendid satisfaction.

**FOR SALE**—At a bargain. My mercantile business, stores and goods. Also three head of horses, one young milch cow, 25 head pure bred Lincoln ewes, and 12 head of pure blood February Lincoln Ram lambs. Phone or call and see for yourself. C. L. H. Winer, Hoytville, Utah.

Deputy Fish and Game Warden Smith brought \$20,000 trout fry to Coalville Tuesday and turned them over to Wardens Archibald and Johnston. About \$5,000 were planted in the Echo stream and the remainder in the Weber river.

We have had many compliments on our suggestion of a subway crossing at Pitt's and we believe the public will be in favor of the county's majority in favor of the proposition. We hope the commissioners will take up this matter at their next meeting.

The Lee building has been undergoing extensive repairs the past week preparatory to opening up the store. This building is occupied by the New York Clothing Co., of which Jake Huffman is manager. This firm will carry a full line of gents' furnishings, up-to-date in every particular at prices to suit all. We wish Jake success.

J. H. Salmon, who has the contract for putting in the pavement in district No. 1, has a force of men at work excavating the sidewalks preparatory to putting in the cement. Mr. Salmon will push the work with all due diligence and it is expected that the walks on Main street will be finished this fall, and more will be done if the weather will permit.

Another thing that the county commissioners ought to do, Right now is a good time to decide to bond the county for say \$10,000 or \$20,000 and build permanent roads, and let the taxpayers vote on the proposition at the next regular election; so that in case the bond issue carried (and there is no doubt but that it would) the good roads could be built next summer. \$20,000 would build 60 miles of first-class road and the cost of maintaining and the interest on the bonds would not amount to more than the cost of maintaining the roads at the present time. Every Commercial Club and Booster Club in the county should get behind the move and boost it along. There is no denying that we need better roads. Boost, brother boost.

## Caunty Fair Awards

The county fair closed last Friday night after three days of eight seeing, banjoing, hunting, racing, ball games, etc. While the exhibits were not as numerous as last year, they were of a better quality. The power of the County Fair's influence on the benefit of a country fair and seems to manifest a "don't care" spirit. Such a state of affairs is lamentable. It is the duty of every citizen of this county to do something to let the world know that we have the natural resources here and will some day open up other part of the state to develop its ducts, apple culture, etc., in other matters besides the great amount of mineral and coal in this county and no longer claim that this be done than at a recent fair.

Friday afternoon a meeting of the members of the Fair committee was held and the following officers were elected to serve the coming two years:

George H. Tracy, Helen John D. Packett, Hammer, Freeman, Miles and Neff, President, Mrs. Miller, A. B. Kline, Captain, O. M. Williams, Paul Levi Pearson, Oakdale, Frank Craft, W. H. Manning, W. M. Morris and David Gees.

State Mine Inspector J. E. Petrie had on display a number of safety lamps used in coal mines. He reported considerable progress. G. H. West had on display several specimens of what he called

and the Weber Coal company and the Blue Grass Coal Company had displays of products of their mines.

The music department was a failure to carry and the exhibits were meager. The ladies who were employed in the work of gathering exhibits are to be commended.

Cost of the fair awards made at the fair:
